2.2 PROCEDURAL REQUIREMENTS:

- 2.2.1 Prior to requesting a position on a Towing Area List, Towing Companies must have all Tow Vehicles it intends to use certified by the Arizona Department of Public Safety and must be able to show proof of that certification upon demand.
- 2.2.2 When a Towing Company is offered a position on a Towing Area List they shall forward a copy of their current insurance certificates to the Towing Services Coordinator in compliance with this agreement. The insurance certificate must contain the insurance company name, address, and phone number. It must also contain the name of the Towing Company, policy number, and effective and expiration dates. Prior to an insurance policy expiring, a copy of the renewal certificate must be forwarded to the Towing Services Coordinator.
- 2.2.3 Tow Vehicles being considered for use by a Towing Company for services under the agreement will be registered and licensed in the Towing Company or ownership name. The only exception will be a leased Tow Vehicle in which case a copy of the current lease agreement will be furnished to the Towing Services Coordinator. Except as provided herein, the use of unregistered, unlicensed, or uncertified Tow Vehicles is prohibited.
- 2.2.4 A Towing Company shall be allowed only one (1) position on each Towing Area List. The Towing Company must maintain and store vehicles towed under the agreement in an Maricopa County Sheriff's Office approved storage lot within the Towing Area the services were performed. The only exception is a tow performed in a Towing Area outside the Towing Company's normal Towing Area.
- 2.2.5 All Tow Vehicles must comply with State regulations pertaining to towing. Dollies, brooms, and oil absorbent materials must be carried on all Tow Vehicles responding for services under the agreement.
- 2.2.6 Towing Companies responding to calls for service under the agreement will have the necessary equipment and knowledge to effectively handle any abandoned vehicle or accident recovery work. Towing Companies will be advised by the Sheriff's Office at the time of dispatch if any special equipment, extra Tow Vehicles, or extra personnel are required for the call. The towing company will be responsible for their decision on what equipment to send. **The Towing Company shall only charge for the equipment necessary to perform the tow.** Failure to observe the provisions of this section will result, **at a minimum** in the Towing Company losing the tow and being placed on the bottom of the Towing Area List rotation. **The County reserves the right to exercise any and all other remedies provided in this agreement.**
- 2.2.7 Rates charged by a Towing Company for services under the agreement shall not be in excess of those authorized per Attachment A.
- 2.2.8 All vehicles towed under the conditions of the agreement will be stored in a locked, enclosed storage area that has been approved by the Towing Services Coordinator, or his designee. (Unless, **in the case of vehicles that are not seized or impounded** the **vehicle owner** requests that the item be towed to a specific location) A six foot (6') chain link, or better, type fence will be in place around the storage location. Access to the storage areas must be available to representatives of the Sheriff's Office twenty-four (24) hours a day, 365 days a year. Storage areas will be inspected by the Towing Services Coordinator, or his designee, prior to the initial awarding of an agreement and periodically during the duration of the agreement.
- 2.2.9 Towing Companies on the rotation list for the Maricopa County Sheriff's Office must be available for calls twenty-four (24) hours a day, 365 days a year.
- 2.2.10 If no Towing Companies are available for service in a particular Towing Area or if the service is **significantly** closer to another list Towing Company, a Towing Company from an adjoining Towing Area may be requested to respond. The tow would be treated as if it had occurred in the **utilized** Towing Company's agreed upon Towing Area.
- 2.2.11 Under unusual circumstances Towing Companies may be requested to move, or remove, Non-Vehicles from a location. Fees for these services will be dependent on the equipment used.
- 2.2.12 Each Towing Company approved for the rotation list will be furnished with an alpha-numeric designation decal for each of it's Tow Vehicles. The decal will denote the Towing Area List rotation number of the Towing Company. The decal must remain legible and shall not be altered or defaced in any manner. Should the decal become illegible, the Towing Company must contact the Towing Services Coordinator and request a new decal. In all cases the alphanumeric decal remains the property of the Maricopa County Sheriff's Office and will be returned to the Towing Services Coordinator when a Tow Vehicle is put out of service or when a Towing Company loses a position.

- 2.2.13 A decal will be permanently affixed to each Towing Company Tow Vehicle being used for services under the agreement. The placement of the decal is to be on the left (driver's) side of the Tow Vehicle in a position forward of the driver's door and not more than eight inches (8") below the top of the hood and not more than eight inches (8") forward of the driver's door. The decal shall be placed such that it is completely visible when a person is facing the left side of the Tow Vehicle.
- 2.2.14 When a request is made to a Towing Company the deputy requesting the service will be advised of the alphanumeric designator and name of the Towing Company responding. The Tow Vehicle responding to the location must bear the name, address, and phone number of the Towing Company in addition to the correct alphanumeric designator in order to be eligible for the tow. Any Tow Vehicle arriving at the location not bearing the correct alphanumeric designator will not be permitted to tow. This is regardless of whether the Tow Vehicle belongs to the same Towing Company from which services were requested. Under these circumstances the Towing Company will lose the tow and move to the bottom of the Towing Area List rotation.
- 2.2.15 Any Towing Company that is requested to respond for a tow must acknowledge their acceptance of the call immediately. If contact is made with an answering machine, the Towing Company will lose the tow and be placed on the bottom of the Towing Area List rotation.
- 2.2.16 In any instance, when a Towing Company is unable to be contacted, fails to respond after acknowledging a call, or is unable to respond for any reason, that Towing Company will lose the tow and be placed at the bottom of the Towing Area List. If such circumstances become a reoccurring problem the Towing Company may face a suspension.
- 2.2.17 A thirty (30) minute response time will be allowed. The response time is the length of time elapsing when the Towing Company acknowledges a request for service and when the Tow Vehicle arrives on the scene of a call. If the response time exceeds thirty (30) minutes the on scene deputy will be given the option of canceling the call and requesting that another Towing Company respond. If the Tow Vehicle from the Towing Company originally requested arrives on scene after another request has been made to a different Towing Company, the original Towing Company will lose the tow and be placed on the bottom of the Towing Area List rotation.
- 2.2.18 The Towing Companies will keep the Towing Services Coordinator advised of all changes in the Towing Company. This includes, but is not limited to, a change in ownership, phone numbers, storage lot locations, and insurance companies.

2.3 GENERAL PERFORMANCE REGULATIONS:

- 2.3.1 When a Tow Vehicle arrives at a call, the driver will cooperate with the on scene deputy to the fullest extent and will honor all reasonable requests for service. 2.5 VIOLATIONS:

2.5.1 The confirmed violation of any section of these requirements and regulations will subject the offending Towing Company to possible suspension or cancellation of services. All recommendations for the suspension or cancellation of a agreement will be reviewed by the Maricopa County Sheriff's Office Planning and Research Division and the Towing Company Coordinator to assure that no arbitrary or punitive actions are being taken against a Towing Company for any unsubstantiated allegations of misconduct.

VIOLATIONS: A confirmed violation of any contract requirements shall be immediately remedied and may result in a thirty (30) day suspension off the rotation list for the towing company within the towing area in which the violation occurred. Two thirty (30) day violations within a six (6) month period is cause for permanent removal from the towing list. If a Towing Company becomes abusive with any Maricopa County Sheriff's Office personnel or the public, the Towing Company may be subjected to the immediate and permanent cancellation of all agreements. Nothing precludes the Maricopa County Sheriff's Office from the immediate and permanent removal of a towing company from the list for a serious violation of the regulations.
